### Category: Active Ageing

Seniors on the go – in the great outdoors or in an indoor setting. Wisdom, experience, sportiness, and playfulness are just some of the qualities that can be portrayed in an image. Whether it's something you've snapped in the spur of the moment, or a more strategically composed photo, images should convey a story. What does 'ageing well' look like in your world?

Feeling nostalgic? History makers love to recreate moments in time and reflect on the feelings memories can evoke. Whether it be snapping an image encompassing your favourite decades outfit, styles or trends, or perhaps snapping an image of your treasured vintage car, this category aims to showcase what the world around you used to be like. Judges are looking for portraits or images that promote nostalgic moments and share a blast from the past.
